1. Introduction

SWTAFE is required to allow concessions on standard hourly tuition fees in accordance with these Guidelines based on 20% of the published standard hourly fee.

Acceptable evidence of eligibility for a concession is documented in the 2024 VET Funding Contract *Skills First* and 2024 Guidelines about Fees Version 2.0.

SWTAFE also has an obligation to publish on our website all fees associated with government funded training courses.

2. Scope

These Guidelines are applicable to students enrolling in a government funded course at South West TAFE.

7. Access and Equity Application

The intent of the Access and Equity application is to support those students who wish to access TAFE training but who are unable to do so due to the impact of higher tuition fees and resources costs across some programs. The application is particularly focused on potential full time students who are likely to have limited options in alternative training and/or employment and where the inability to pay higher fees may see them not being able to engage in meaningful education, training and/or future employment.

- Applicants need to be able to demonstrate financial hardship
- Applicants should be able to articulate their commitment to the course and area of study
- Applicants must be an Australian citizen or permanent resident

Consideration for Access and Equity assistance can be made through the South West TAFE website [Access & Equity Fee Assistance](#). Alternatively, the Skills & Jobs team can assist with an Access and Equity application for consideration. The Skills & Jobs team ascertains a student's ability to pay the fees through alternative sources or processes.

- The Skills & Jobs Centre team will consider these for approval
- Where financial assistance is not provided, the student will be informed by a Skills and Jobs team member, and further course and career consultation will take place.
